

The Old North Burying Ground, Ipswich MA

The Old North Burying Ground in Ipswich, Massachusetts was established in 1634 upon the founding of the town of the town, and is one of the oldest cemeteries in North America. The first people known to be buried in the cemetery were the wife and child of Ipswich founder John Winthrop, Jr. Many of the 1300 gravestones date back to the late 1600's. The Old North Burying Ground is located at the intersection of High Street and Rt 133/1A.

In 1935, the Ipswich Historical Society published a comprehensive study of the Old North Burying Ground, titled:

“Memento Mori: Part the First being an Accurate Transcription of the Tomb-Stones, Monuments, Foot-Stones and Other Memorials in the Ancient Old North Burial Yard in the Town of Ipswich, County of Essex, Massachusetts, From its beginnings in the Year 1634 to the Present Day (1935), With a Chart of the Location of the Same that any Grave Therein May be Located with Ease and Accuracy, Together with a History and Description of this Ancient Burial Yard.”

The book lists every grave in the Old North Burying Ground, indexed to a set of maps.

This reference guide is based on that publication and its comprehensive research, and includes indexes by last name and by map location, as well as the maps from Memento Mori.

In 2014, the Ipswich Historical Commission, under the guidance of architect/historian Paul McGinley, initiated a project to restore the Old North Burying Ground. A comprehensive study and preservation plan for the Old North Burying Ground is being developed. Support for this project comes from the Massachusetts Preservation Projects Fund, the Essex National Heritage Commission, and the Howard Bowen Fund of Ipswich Massachusetts.
