

Wisdom Walks in the Wilds

Leave the world as it is and return to the world as it has always been —

Together into the wilds of Ipswich Open Spaces, we will walk in the Wisdom of the Masters — the great poets, mystics, and philosophers from around the world and across the ages.

From her hermitage in rural Australia — the voice of Samaneri Jayasāra, a nun, a scholar, a contemplative without borders — breathes timeless wisdom back into the world.

Wisdom Walks are Free & Public.
